 At a short distance north of the road from Idaga Hamus is located the settlement of Welowalo. There is a rock-hewn church Maryam Tsiyon Kelakel said to be very old. North-west of the rock church is the small rectangular church Cherkos inside a walled churchyard. Cherkos gives the impression of having been built on the site of some Aksumite temple. Inside the church four Aksumite stone columns support the main structure.

The forestry institute was financed by SIDA of Sweden. The hotel around 1982 had 22 beds and was called a 'resort spa'. The Bele bath under Wendo Genet was a thermal bath only, with no restaurant or even a telephone. The Wondogenet Forestry Institute offered (-1982-) a 2-year course in Forestry to students who had passed grade 12 examination. The Wendo Genet earthquake in 1983 was among the most significant in Ethiopia in the 20th century. In 1998, Wondo-Guenet Forestry College was merged with the Faculty of Forestry of Alemaya and incorporated into Awassa University. The resort is around 15 km south-east of Shashemene and lies off the main Shashemene-Wendo Genet road, 5 km before it reaches the village of Wendo Genet. The turn-off is on the left near the village of Washa. Hotel Wabe Shebele has 40 rooms (-2003-). The draw of the resort is the hot springs, which are about 50 m down the road. The pool is about 20 m long. Wendo Genet : Washa (Busa) The village lies near the turn-off for Wendo Genet resort, 5 km before the village of Wendo Genet.	07/38	[Gz Ca Po]
